- Does not apply

This chart is for estimating how much product is needed for a given tile installation. These figures are based on filling joints to their full depth with no waste. For tile or joint sizes other than those shown, please visit our website at [www.texrite.com](http://www.texrite.com)

Colors shown are as accurate as can be produced using the finest methods of printing and reproduction. The final color of the installed joint is subjected to a variation from the printed color sample.
